

Product Data Sheet

SORB®XT Drain Cover Ring L

Article	SORB®XT DCR L
Article No.	100661
Dimensions (mm)	5.000x70x50
Weight (kg)	10,00
Shipping unit	Ring incl. box

Product Information:

Recommended use

- perfect for quick shut-off or quick drainage of spilled chemical products before they enter ventilation grilles, manholes and pipes

Application

- before application clean the ground – it should be free from dirt and detritus.
- be sure that Drain Cover Ring is wider than the area that has to be blocked (in case of circle barrier)
- put the sticky side on the ground and fix it using pressure
- ground has to be dry

After application

- after use it is easy to clean, for example with soap and water

Storage

- store the ring in the supplied box until the next use
- the glue surface must be inside the box to prevent dust accumulation

Properties

- horizontal or loop barrier made of PU
- very resistant to oils, acids etc.
- Sulfuric acid: Drain Cover Ring shrinks a bit, Phenol 50 °C: Drain Cover Ring swells a bit (3-days-test)
- hydrophobic
- extremely sticky base for strong adhesion
- connectable
- warranty - if used correctly: 3 years
- reusable
